

I Menu

I Prepare App

- Download "BroadLink" App from the App Store or Google Play by searching or scanning the QR code.
- Open the App, sign up an account and follow the wizard to set up your home for first use.

NOTE:

- Make sure your phone is connected to 2.4GHz Wi-Fi network before adding device (5GHz is not supported).
- The Wi-Fi password should contain no more than 32 characters and no special characters which are not available on standard keyboard layout.

I Add Device

- Power on the device. If it is in first time use, it will be in smart configuration mode automatically, otherwise you may need to reset it.
- When the device is in smart configuration mode, follow the wizard in App to add device, name it and assign it to a room.
- If you have difficulties to add device in smart configuration mode, please refer to **Indications** to try AP configuration.

I Overview (Unit: mm)

Mounting board
(for Ø3mm screws)

I Indications

Status	Indication
Flashes quickly (2-3 times / sec)	Device is in smart configuration mode (waiting to be added).
Flashes quickly and off alternatively	Device is in AP configuration mode (waiting to be added)
Flashes from quickly to slowly then off	Device is being configured and then added to network.
Flashes slowly (once / sec)	Device is failed to connect network
ON	Device is switched on
OFF	Device is switched off

Reset for Smart Configuration

- Press and hold the reset (on/off) button for 6s until the LED flashes quickly. DO NOT hold longer than 10s, otherwise it will go to AP configuration mode.

Reset for AP Configuration

- In any conditions, press and hold the reset (on/off) button for 10s until the LED flashes quickly and off alternatively.

I FAQs

1. What should I do when I fail to configure the device?
 - Make sure your network condition is fully compliant with requirement stated in "Prepare App".
 - Make sure there are not too many devices connected to router (normal home router can hold no more than 15 devices including phones, computers, smart TVs...)
 - Try AP configuration if it is needed.
2. Will others find my devices?
 - Only the user added to your home member and assigned with permission can access to authorized devices.

I FCC Radiation Exposure Statement

- FCC ID: 2ACDZ-BL3335-P
- This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
 - This device may not cause harmful interference, and this device must accept any interference received, including interference that may cause undesired operation.
